Wall and ceiling panels can be used in a many number of ways. Heritage ceiling restorations, ceilings in new homes, feature walls etc. 600 x 1800 panels are ideal for kitchen and bathroom splashbacks, while the 900 x 1800 panels are great for showers.

All images shown are approximately 600 x 600 sections.

We recommend that all panels are painted as surface scratches may be present.

Wall panels or Dado panels are an extremely easy way to create a point of difference in any room. Make a statement in your entry hall, create a period look in your formal lounge or line your stairway or hallway.

The wall panels featured below look fantastic and can be used in so many different ways.

A powder coated finish makes the panels a practical and striking product for use in the kitchen and bathroom.

A fully lined feature wall, back drops, line the front of a bench area, bar etc. The options really are only limited by your imagination.

We recommend that all panels are painted as surface scratches may be present.

Wall Panel

Posy

Lily

Art Nouveau

All wall panels are available in 900 x 1800mm. The **Wall Panel** also has a 600 x 1800 section that can be added either above or below. Top any of the wall panels with a border that compliments the pattern and the look is complete. The above images are of a 600 x 900 section. All sizes approximate.
